Network connection

Wi-Fi only

1. Connect your PC/Mac or smartphone to Wi-Fi network “cosmostreamer”, default password “1234512345”
2. Open web interface in browser <http://192.168.50.1> or <http://my.cosmostreamer.com>
3. Or just run CosmoViewerNG application <https://cosmostreamer.com/apps/>

Common troubleshooting

1. I see Cosmostreamer logo on HDMI display but no video from the Goggles
 - a) *Unplug/plug again USB cable used for connection the Goggles and Cosmostreamer box*
 - b) *Check is video shows in Goggles, maybe air unit it turned off or not paired*
